## Oswaldo Benvenuti Collezione Cornici

La Collezione di Cornici in Argento è curata nei minimi particolari, per esaltare i dettagli e la bellezza di ogni singolo manufatto.

Motivi floreali, icone marine, decori e incisioni fiorentine impreziosiscono il telaio e ogni cornice diventa unica e speciale. Le decorazioni sono realizzate da mani esperte artigiane, con la tecnica della microfusione a cera persa.

Lavoriamo l'Argento e il Bronzo e possiamo creare cornici e altri oggetti d'arredo personalizzati, nella misura e nelle forme, su richiesta del cliente.

Le cornici Oswaldo Benvenuti nascono dall'inventiva e dall'esperienza artigiana, che in azienda si tramanda da tre generazioni.

Creiamo argenterie dal 1930 e ancora oggi è forte la passione per la lavorazione di oggetti raffinati, eleganti ed esclusivi.

*\* Tutti gli oggetti presenti nel catalogo possono essere realizzati in argento 925/1000, in bronzo argentato e in bronzo dorato.*

*\*Ciascun manufatto è trattato con materiale antiossidante.*

Floral motives, marine icons, decorations and Florentine engravings enrich the mounting and every frame is special and unique. Decorations are handled by expert artisans using the lost-wax casting technique.

We work Silver and Bronze and can create frames and other personalised decorative objects, in the size and shape requested by the client.

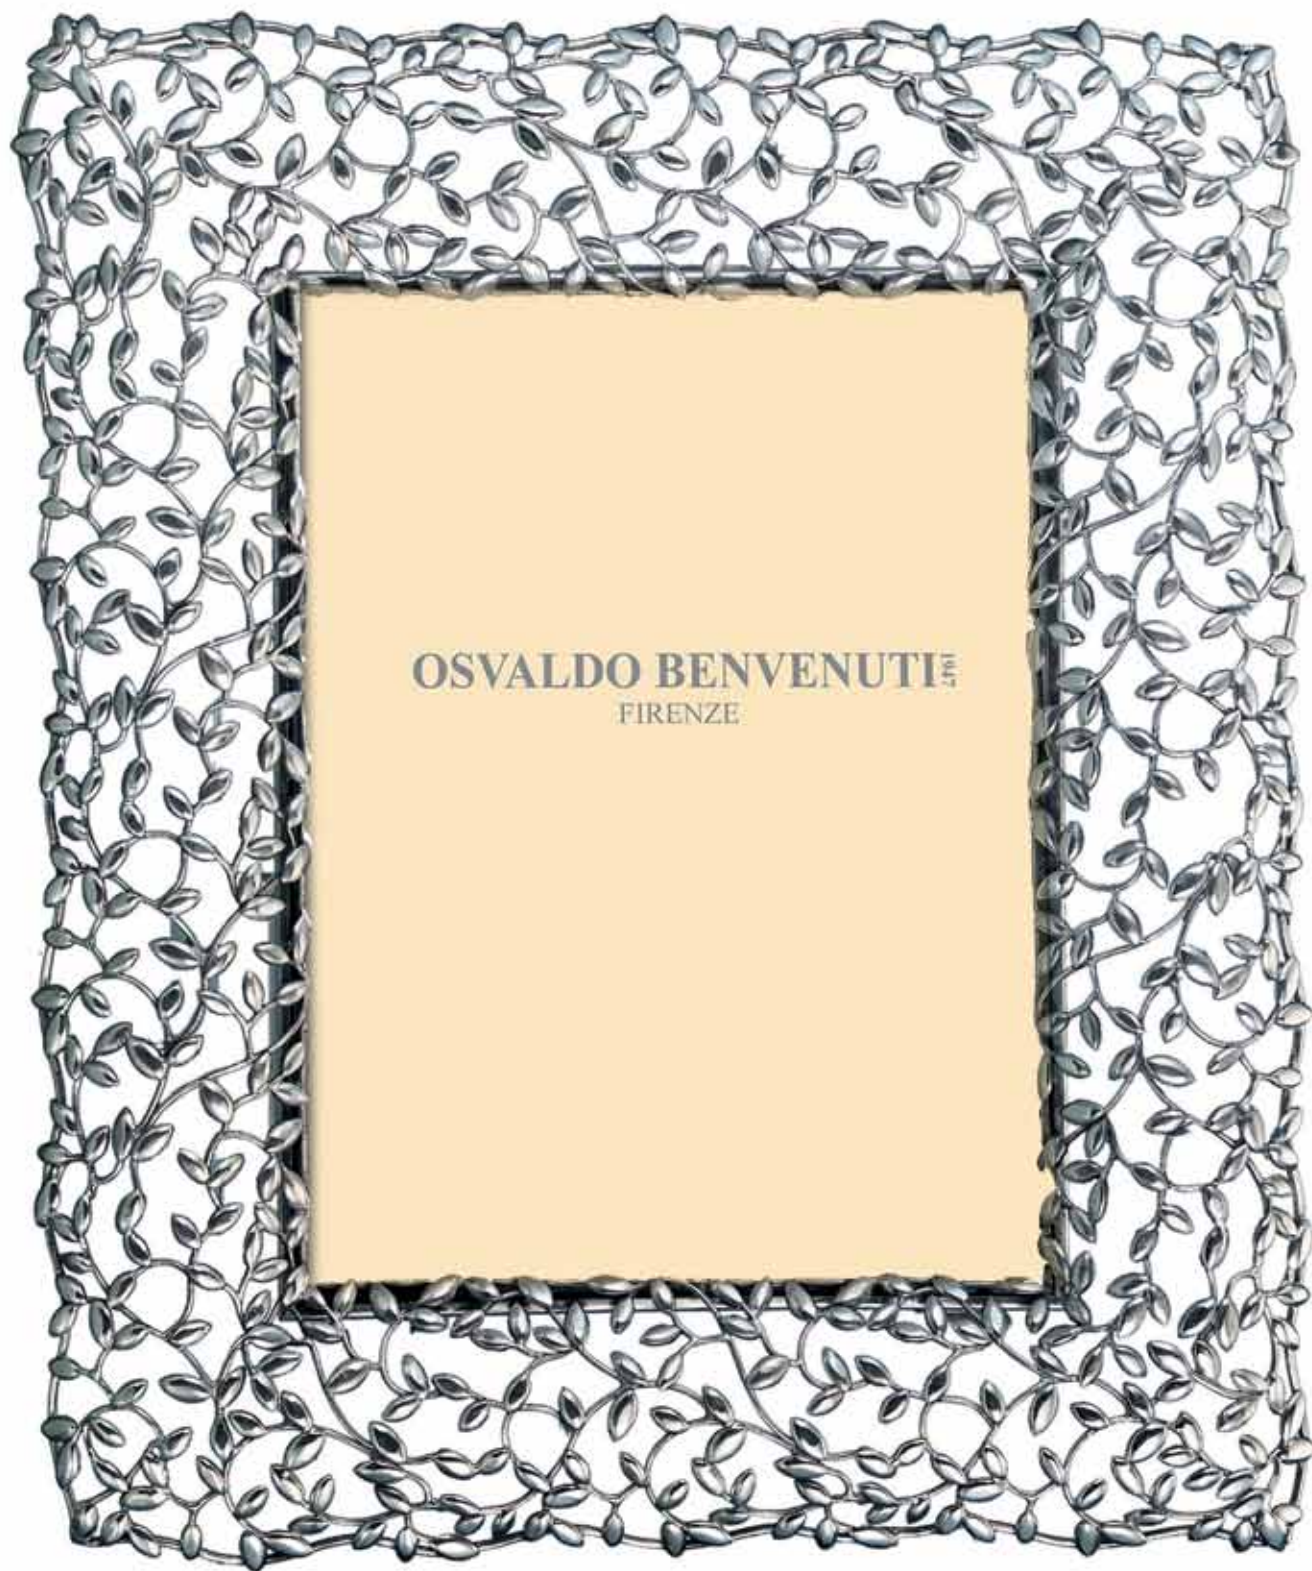

Oswaldo Benvenuti frames are a product of inventiveness and artisanal experience which has been passed on over three generations within the company.

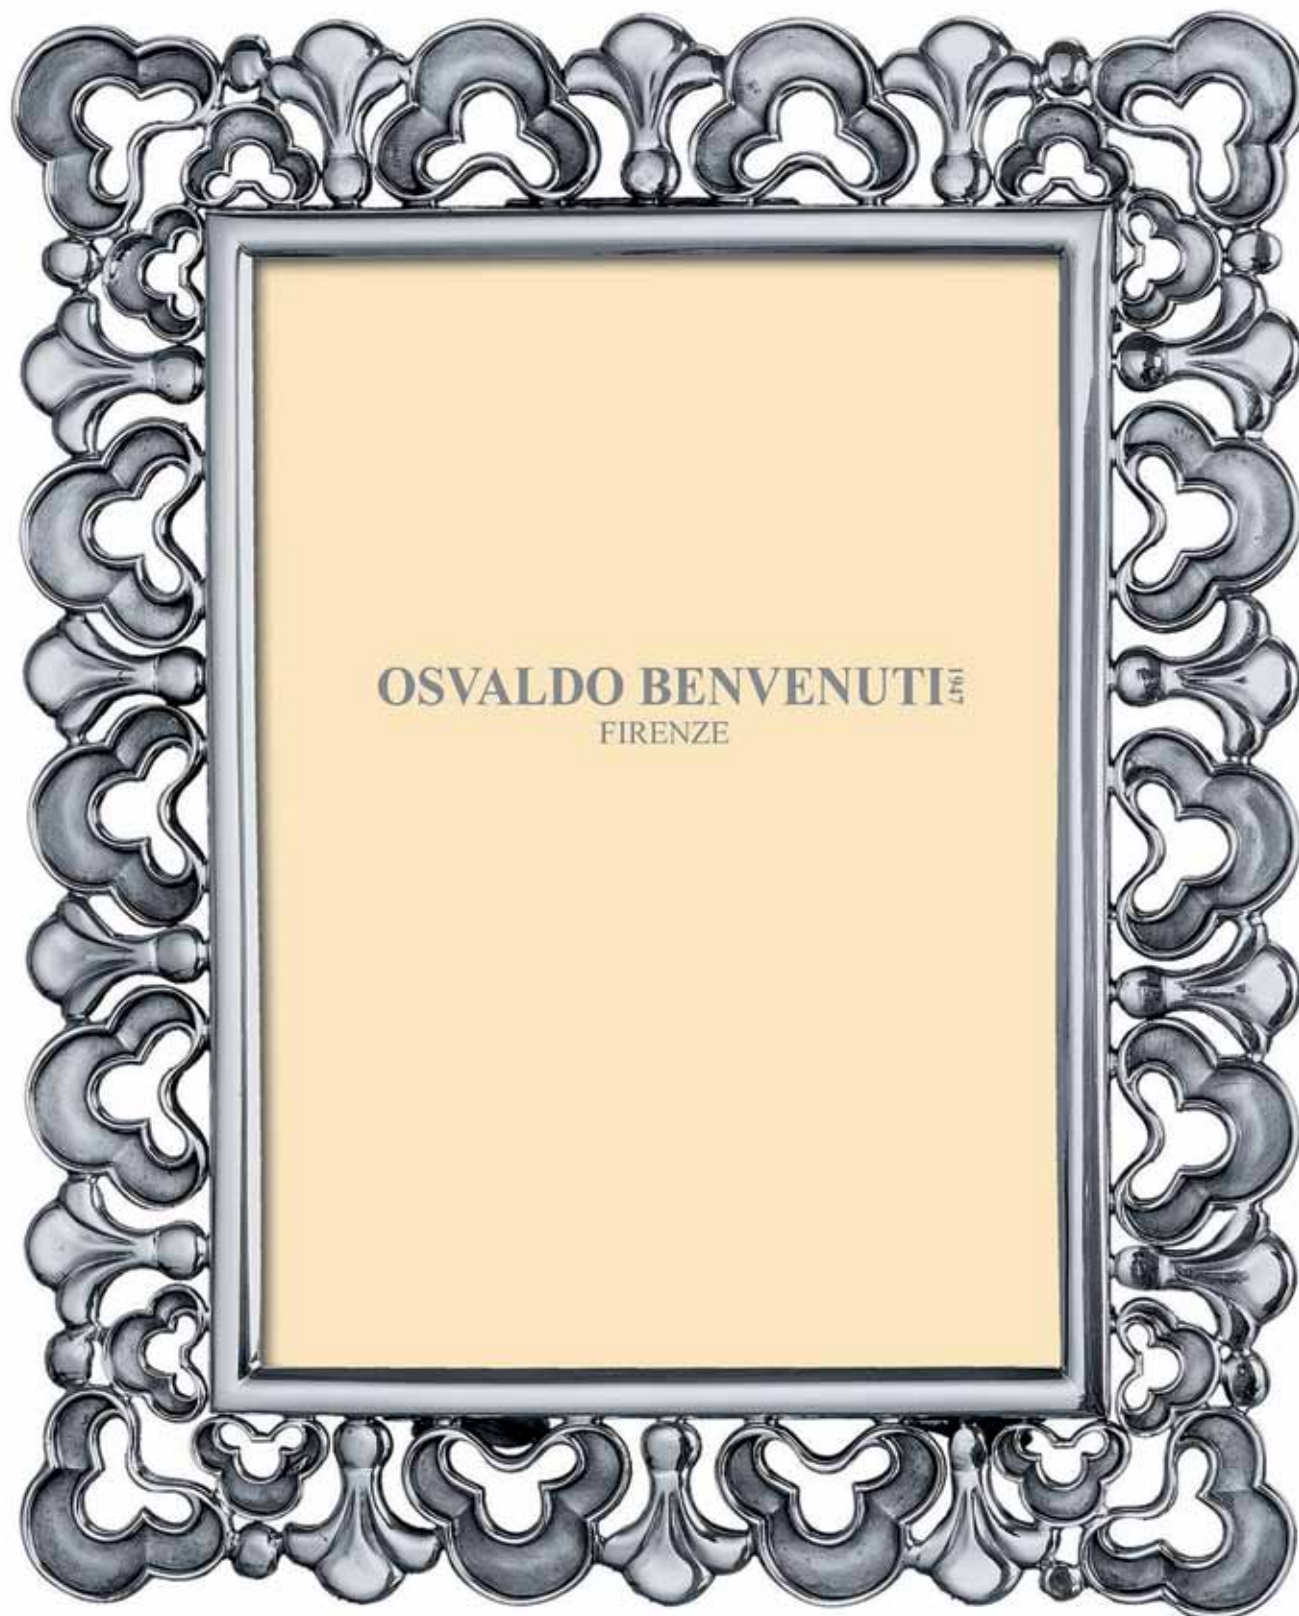

We have created silverware since 1930 and our passion for working refined, elegant and exclusive objects is still very true today.

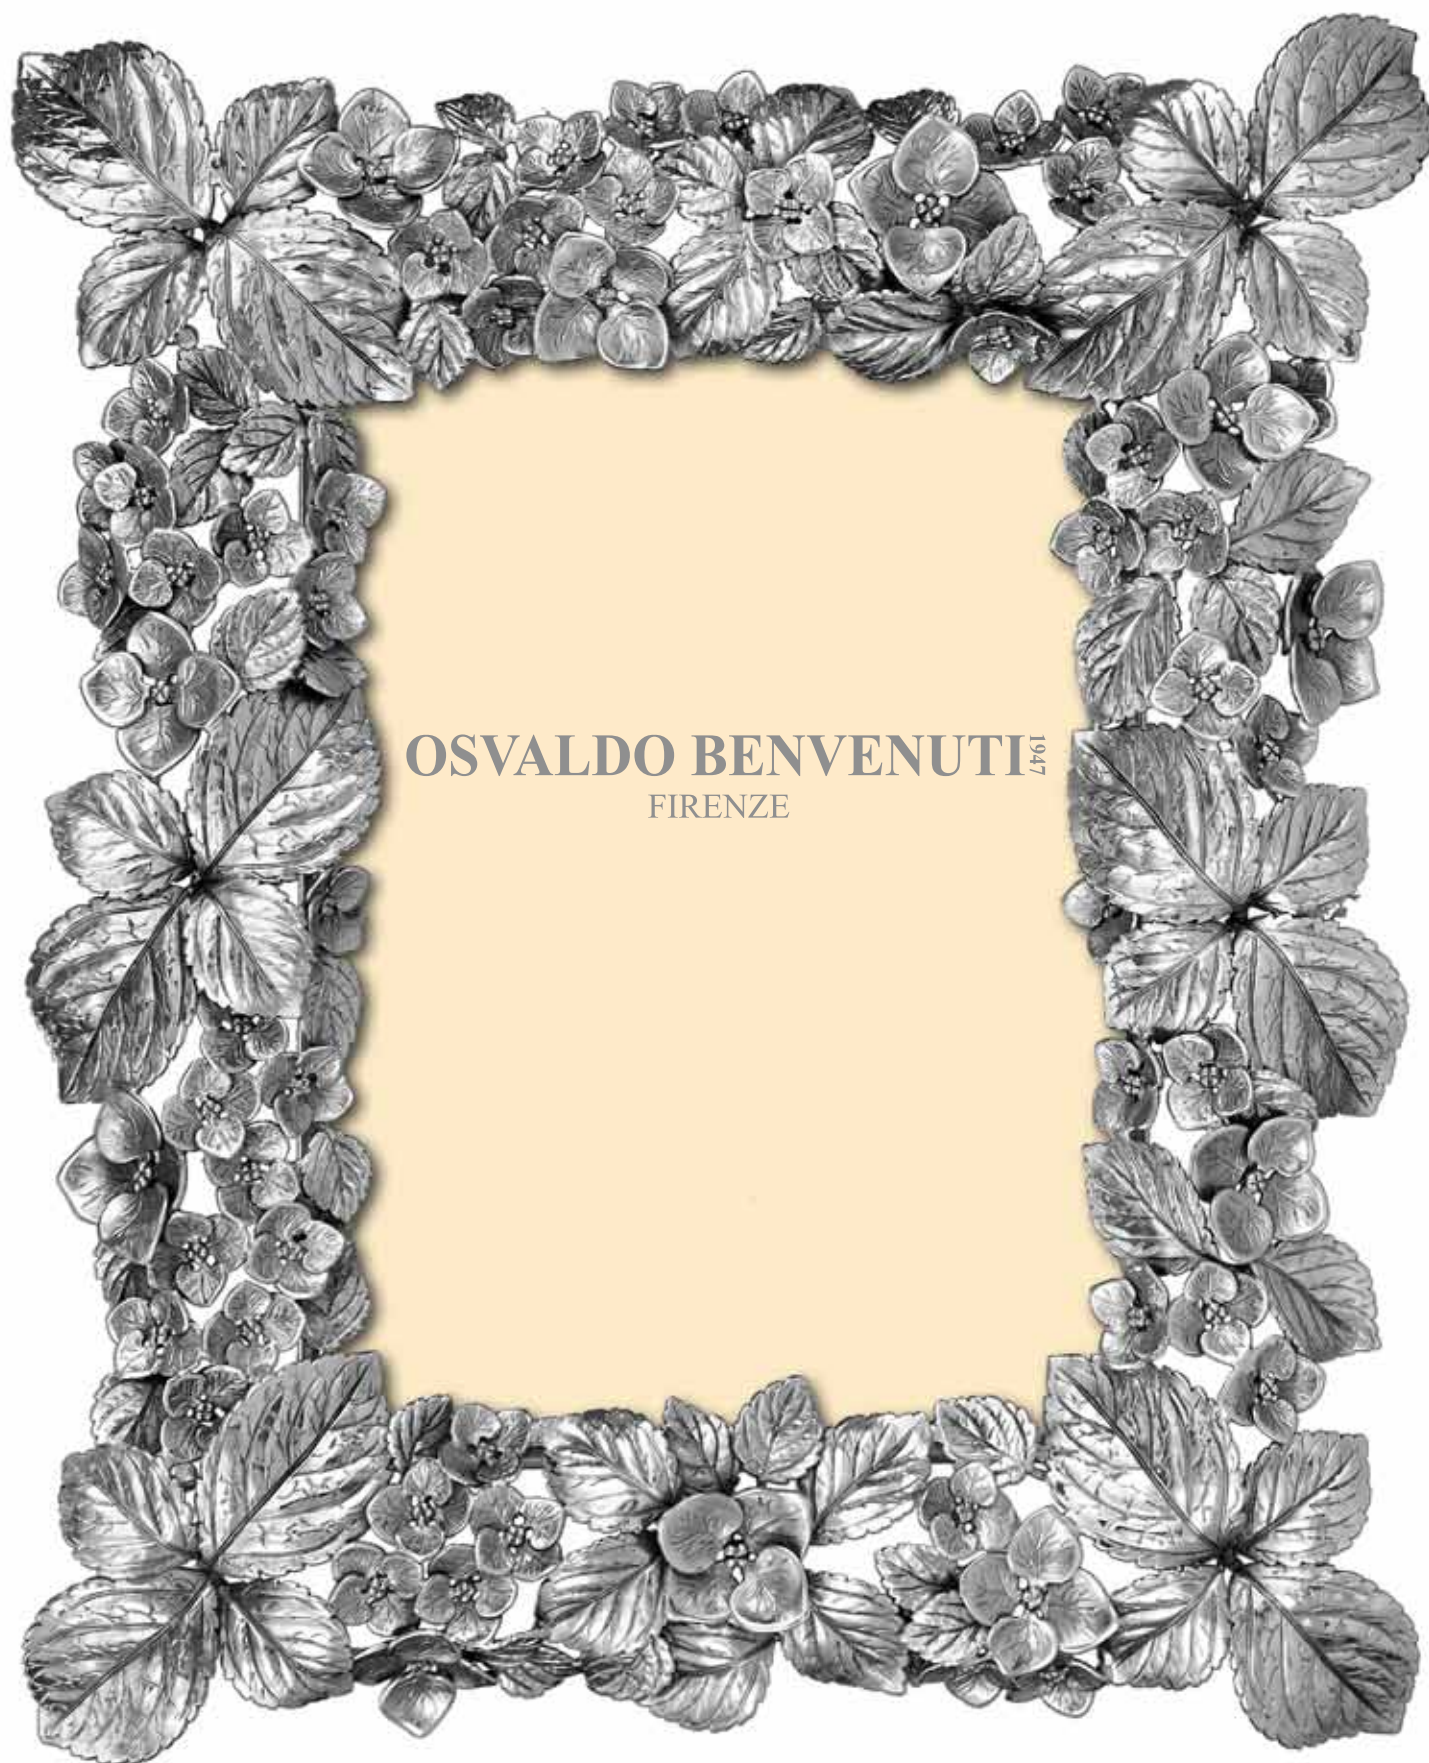

*\* All objects in the catalogue can be made of silver 925/1000, silver-plated bronze and gold-plated bronze.*

*\*Every product is treated with anti-oxidant.*
